

UN DAY 2023

On Tuesday, October 24th, BIS hosted a special event in honor of UN Day. High School students and invited guests led engaging activities for Primary and Middle School students, introducing them to the UN's mission.

UN Day is an annual celebration, marking the United Nations' founding, featuring exciting and educational activities that promote diversity, culture, and knowledge about different countries within the UN.

A standout moment of this celebration was the "Parade of Nations," where students showcased national costumes from around the world.

UN Day is not only a celebration of diversity and culture but also a poignant reminder of the importance of global peace and cooperation among nations.

ASPIRING BAKERS OF BIS

Grade 0 made braided bread that enlivened the senses for the closing of our Unit of Inquiry, "Who We Are." The braids represented the joining of people. The classes and teachers kneaded and rolled the dough together, making small loaves for each and everyone. Having practised using play-doh, the students indulged in the experience of feeling and smelling the bread mixture. The ingredients included water, flour, yeast, eggs, honey and sunflower oil. Grade 0 socially interacted while using fine, gross motor and problem solving skills. Rolling and flattening the dough, and then dividing it into three strands to be braided, helped children practise using both hands in a coordinated way.

Children watched as the dough rose. The bread was baked and another sense was stimulated – taste. Children and teachers alike, ate pillowy-soft creations with a hint of honey. The sweet smell of the bread baking in the oven was matched by the students' success. Making the braided loaves delivered a feel good factor. This hands-on and fun activity gave the students ownership over what they produced, which added to their excitement.

CULINARY EXPLORATION IN MANDARIN CLASS

During Mandarin class, Grades 4 and 5 students cooked Chinese fried rice together, embracing Chinese culinary traditions as a delightful activity.

PRESCHOOL 1

We're happy to start our second term with our little learners. This week, Preschool 1 students had fun learning about fruits and vegetables. They drew,

tasted, and sang songs about them. We also celebrated UN Day in class and are excited about the upcoming fall festival.

Ms. Guldana, Preschool 1 Homeroom Teacher

PRESCHOOL 2

We're back after our autumn break, and we've had an exciting week in Preschool 2! At the beginning of the week, we all shared stories about what we did during the holiday. It was so much fun to talk about our experiences. During our circle time, we all sang a new song about opposites. The children loved it and had so much fun learning about things that are different from each other.

In math class, we focused on big and small. We did activities where we sorted things by their size. It helped us understand the concept of size better, and it was really fun to do. Our friends also learned about rectangle shapes. We even got to make cool rectangle robots in a craft activity. We all enjoyed making our little rectangle robots. It was such a great week filled with learning and fun. We're looking forward to more adventures and discoveries in the coming week.

Ms. Nuraida, Preschool 2 Homeroom Teacher

PRESCHOOL 3

We are excited to share that this week, our little learners explored the letter 'c' through fun and engaging activities. To reinforce the letter 'c', we crafted cute cupcake art using colorful clay. This activity was not only a lot of fun but also helped develop their fine motor skills.

Besides the letter 'c', our students practiced writing numbers 1-12. This crucial skill will aid in their

mathematical development. You can support your child's practice at home by providing pencils and paper and assisting them in tracing numbers.

We also introduced new songs to enhance language development and boost creativity. Singing is a delightful and effective method to solidify new concepts and ideas.

Ms. Carmen, Preschool 3Y Homeroom Teacher, Head of Preschool
