

International Schools in Bishkek

If you are looking for an accredited international school in Bishkek, teaching primarily in English, various options are available. This table may help you find a school that is most suitable for you and your child.

The information provided here is based on publicly available information on the internet or in printed materials or provided directly by the school. Tax paid to government is publicly available at <https://budget.okmot.kg/> If information is not available here, this is because appropriate data has not been found on the internet nor provided by the school following a request for information. Parents should always contact individual schools to verify information.

*All schools provide different fee rates dependant on e.g.: payment terms, level of education, number of children from the same family, and source of payment, hence the rates given here are just an initial guide. More specific information should always be requested from each school. The fees quoted are for: (i) Preschool students at age 4; (ii) School students at age 14. *This table was last updated in September 2019*
