Preface

Mission, Policies, Handbooks and Regulations

The Mission of Bishkek International School is to enable our students to:

- Develop their intellectual curiosity and achieve their academic, sporting and creative potential;
- Be confident in their abilities and respectful of others;
- Learn about local and global issues and prepare to tackle common challenges. In a school which:
- Delivers and celebrates excellent teaching for internationally accredited education;
- Values diversity and inclusivity;
- Promotes the well-being of the whole school community;
- Contribute positively to the development of the Kyrgyz Republic.

This policy is one of several policies, procedures and related documents that guide operations at Bishkek International School (BIS) and help to facilitate the achievement of our mission. The full list of relevant documents, prepared by the Management Board and approved by the Governing Board, comprises:

Policies:

1. Vision, Mission and Development Policy
2. Admissions Policy
3. Learning Diversity and Inclusion Policy
4. Language Policy
5. Academic Honesty Policy
6. Assessment Policy
7. Health & Safety Policy
8. Child Protection Policy
9. Educational Visits Policy
10. Ethics Policy
11. Environmental Policy
12. Accounting Policy

Handbooks:

1. Staff Handbook
2. Parents & Guardian Handbook
3. Student Handbook

All Governing Board members and all staff must be aware of each of these documents and their contents. All policy documents and handbooks are available to students and parents/guardians via the BIS website or provided in PDF form to parents/guardians on request. All policy documents and handbooks are reviewed and revised by the Management Board every year, normally in April/May for approval by the Governing Board in June for the following academic year. All students, parents and staff are invited to send comments and suggest any changes to the Management Board at any time before the end of April each year for consideration for policies/handbooks for the next academic year.

Overall Governance of BIS is guided by the legal charter and various internal regulations. These are:

1. Legal Charter of 'Bishkek International School'
2. Regulations of the Governing Board
3. Regulations of the Parents Association
4. Regulations of the Advisory Council

International Baccalaureate

BIS is an International Baccalaureate World School, offering the International Baccalaureate Diploma Programme (DP), the Middle Years Programme (MYP), and the Primary Years Programme (PYP). IB World Schools share a common philosophy and commitment to high quality, challenging, international education that BIS believes is important for our students. For further information about International Baccalaureate, see www.ibo.org

International Baccalaureate mission statement

“The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment. These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right”

International Baccalaureate Learner Profile

The aim of all IB programmes is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world.

The IB learner profile represents 10 attributes valued by IB World Schools. We believe these attributes, and others like them, can help individuals and groups become responsible members of local, national and global communities.

1. **Inquirers:** Develop a natural curiosity that allows them to become lifelong learners.
2. **Knowledgeable:** They explore ideas of importance and dig deep into its meaning creating a balance of their learning.
3. **Thinkers:** They apply thinking skills that allow them to tackle complex problems in creative ways.
4. **Communicators:** They understand and can articulate information in confident, creative ways, including a second language.
5. **Principled:** Students are honest, fair, just and full of integrity. They strive to solve their own problems and to take responsibility for their own actions.
6. **Open-minded:** Students understand and embrace other cultures. They recognize and celebrate their own backgrounds and learn tolerance for others.
7. **Caring:** Students actively care about others and participate in active service.
8. **Risk-Takers:** Students are brave in the face of new challenges. They strive to take on new roles and to defend their own beliefs.
9. **Balanced:** Students understand the need to be emotionally, physically and mentally balanced. They strive for this in themselves and others.
10. **Reflective:** Students reflect on their own learning. They are able to adjust for weaknesses and strengths.

1. Introduction

The aims of the admissions policy are:

- To regulate the age criteria for entrance to the school at a particular year level.
- To ensure that students enrolled at the school are placed in a class where their social, emotional, cognitive and psychological needs are effectively catered for.
- To ensure that BIS can meet the educational and social requirements of enrolled students.
- To ensure that students have the essential language and other skills to access the curriculum.

2. General Entry Requirements

BIS welcomes all students without regard to citizenship, ethnicity, gender, sexual orientation, political or religious belief, and disability or special educational needs, provided that there are good prospects of meeting their needs without unduly prejudicing the education and welfare of other students.

The enrolment process is open throughout the year, subject to space availability in each class. Places for admission are normally available on a first-come first-served basis, subject to the following constraints:

- Children of employees of organisations that already fund students at BIS at the full fee level, based on the organisation covering at least 75% of school fees, will be given priority for entry and moved to the top of any waiting list for entry, at the discretion of the Head of School;
- Siblings of existing students at BIS will be given priority for entry and may be moved to the top of any waiting list for entry, at the discretion of the Head of School;
- As an international school, where a broad mix of international students is part of the student experience and school culture, the citizens of any single country are limited to maximum 50% of the student body. If this limit is reached for any country, new students from this country will join a waiting list based on the country limit.

To be accepted as a student in BIS:

- A place must be available for the student, as confirmed by the Director of Studies or Head of School.
- The applicant must be accepted by BIS following assessment of the child as appropriate for each applicant. This may include:
 - Reports and records from previous schools,
 - Examination of the applicant by BIS,
 - Assessment of the potential for the student to benefit from the education at BIS,
 - The capacity of BIS to meet the educational needs of the student.
- Parents must complete the [online enrolment application](#) including specified document upload, and enrolment must be approved by the Head of School or their nominee.
- A minimum deposit payment of 10% of the annual fee (minimum \$1,000, if 10% is less than this) must be made to secure a place in the school, except for children of employees of organisations that already fund students at BIS at the full fee level, based on the organisation covering at least

75% of school fees, who are enrolled without a deposit payment. For new students, the deposit payment must be made before starting school. For existing students this payment must be made before 30 June to secure a place for the following academic year. A student does not have a place reserved in the school until this payment is made. Places are filled on a first-come, first-served basis in accordance with payment of this fee.

- Full payment must be made, as defined in the enrolment contract by the dates stated in the contract.

The school reserves the right to:

- Contact previous school administrators and/or teachers to gather additional information needed to inform the student's application.
- Deny admission to any applicant if the school cannot meet the applicant's educational needs.
- Postpone admission if a class is full. In this case, the applicant will be placed on a waiting list.

3. Standard Grade Placement on entry to BIS according to birth date

The normal age limit in each class in BIS is as shown below, together with the normal equivalent grade in other systems. Exceptions are sometimes made to these age limits, to allow a student who is younger or older, provided this is in the best interests of the student from both an educational and social perspective.

Grade placement is normally by age criteria as indicated here. In the event of a requested exception for either grade advancement or grade retention, the Management Board and relevant programme coordinator must be consulted. Both parties must agree to the exceptional enrollment or grade adjustment. The student's

grade level will then be reviewed each year to ensure they are meeting the academic, social, and emotional demands of the grade level in the case of grade advancement or that they are properly challenged by the grade level in the case of grade retention.

4. Academic & Language Assessment at Entry

Preschool and Grade 0

For Preschool classes and Grade 0, placement is made according to age criteria. In cases where a student is either too far ahead or too far behind most other students in the class, the placement of the student in a different class may be considered in the first month, following discussion with teachers and parents, but only if the move is in the best interests of the student.

Grades 1-3

For students joining BIS in Grades 1-3, initial placement is normally made according to age criteria, with consideration also given to previous school grade and performance. If a student has not attended kindergarten or school prior to joining BIS, and does not speak English well, they are likely to be placed in a lower grade than their age level, to provide the right environment for initial schooling. Students for whom English is not a first language will have an informal assessment of their level before their first day of school where possible, to enable adequate preparation on the part of the school. Once they have joined the school, students are assessed for their English and Math level in the first month to decide appropriate language support if required and/or possible movement between classes in discussion with teachers and parents, where this is in the best interests of the student.

Grades 4-8

For students joining BIS in Grades 4-8, placement is normally made according to age criteria, with consideration also given to previous school grade and performance. Students for whom English is not a first language will have an informal assessment of their level before their first day of school where possible, to enable adequate preparation on the part of the school. Students with limited English for their grade level may not be enrolled, or be enrolled subject to payment of additional fee for English tuition which continues until they no longer need additional English support. Additional ELA payment is required for any student not achieving a score of 78 on the Oxford English Placement test. After enrolment, students are routinely assessed for their English and Math level to decide appropriate language support if required and/or possible movement between classes in discussion with teachers and parents, where this is in the best interests of the student.

Grades 9-10

Students entering Grades 9-10 class as initial entry to BIS are normally placed according to age criteria, with consideration also given to previous school grade and performance. Students for whom English is not a first language will have an informal assessment of their level before their first day of school where possible, to enable adequate preparation on the part of the school. Students must also have an entry interview with the IGCSE Coordinator, the Director of Studies or the Head of School. Students with limited English for their grade level will take English examinations and may not be enrolled, or be enrolled subject to payment of additional fee for English tuition which continues until they no longer need additional English support. Additional ELA payment is required for any student not achieving a score of 78 on the Oxford English Placement test.

Grades 11-12

Students entering Grades 11-12 as initial entry to BIS placement are normally placed according to age criteria, with consideration also given to previous school grade and performance. Students for whom English is not a first language will have an informal assessment of their level before their first day of school where possible, to enable adequate preparation on the part of the school. Students must also have an entry interview with the Diploma Programme (DP) Coordinator and the Director of Studies or the Head of School. Students with

limited English may not be enrolled, or be enrolled subject to payment of additional fee for English support. The English support payment is required for any student not achieving a score of 78 on the Oxford English Placement test. Provided BIS is able to meet the academic and learning diversity and inclusion needs of a student, enrolment is possible, with options to:

1. **Complete the National State Certificate for Secondary Education at the end of Grade 11**, with examination in Russian or Kyrgyz language (provided the relevant Grade 9 state examinations have been completed successfully in Grade 9). A student may then leave school at the end of Grade 11, or continue to Grade 12 for the BIS High School Diploma and/or the IB Diploma, provided relevant courses are completed in Grade 11 and Grade 12.
2. **Take IB DP courses in Grade 11 and Grade 12 to meet the requirements of the BIS High School Diploma** described in Annex 1 of this policy. The BIS High School Diploma is accredited by the New England Association of Schools and Colleges (NEASC) Council for International Education, and is recognized in the same way as a High School Diploma from a school in North America. Students choosing option 2 may also choose option 1, provided they meet the criteria for option 1.
3. **Enrol in and complete the full IB Diploma Programme (DP)** which is a rigorous and intensive pre-university education programme which requires full commitment from students but is accessible to a wide range of students. Any student who has already successfully completed a broadly-based education programme will succeed in the DP if they want to succeed, are self-organised and work hard. Students choosing option 3, will qualify for BIS High School Diploma in addition to the IB Diploma, provided they meet the criteria in Annex 1, and may also choose option 1, provided they meet the criteria for option 1.

Specific conditions for enrollment in the full IB Diploma Programme

In addition to completing the standard enrolment application and attending the interview, applicants for the full IB Diploma Programme must:

1. Provide a [Personal Statement](#) explaining why they would like to enrol in the full DP;
2. Complete the subject choice option survey, available from the DP Administrator;
3. Achieve a minimum of 5 C grades at IGCSE, with a minimum of a C in any subject to be studied at Higher Level in the DP (if studied at IGCSE level), OR provide documentary evidence of completing a very good broadly-based education program to age 16 in English, OR pass BIS entrance examinations in English and Mathematics prior to entry.
4. Students not meeting the criteria specified in point 3 will be considered individually by the DP Coordinator, Director of Studies and Head of School.

Admission to the full DP may be denied if there is:

1. Insufficient evidence that a student is fully committed and has a good work ethic;
2. Insufficient evidence that the student's English level enables them to access the full curriculum;
3. Insufficient evidence that the student has the capacity to complete the programme.

Applications for the full DP, starting in Grade 11, will not be accepted after the October term break except in cases where the student is transferring to BIS from another school with the IB DP.

In order to receive promotion to the second year of the full DP, a student is required to have a total of 26 points in 6 subjects with: no grade 2 for a Standard Level subject, no grade 3 for a Higher Level subject without a compensating grade 5 for another Higher Level subject, no grade 1 and satisfactory Extended Essay progress and up to date CAS portfolio. Students not meeting these requirements will be invited by the DP Coordinator to discuss their case, and take precautionary measures, in coordination with staff and parents. DP1 Students will be informed of the above requirements by the DP Coordinator at the start of their course and will be reminded of these expectations as deemed appropriate by teachers, Heads of Departments and the DP Coordinator. Any student not meeting these standards may be taken out of the full IB DP and assigned only DP courses leading to the BIS High School Diploma at graduation at the end of Grade 12.

Students entering BIS in Grade 12 may only join the full DP if they transfer from the IB DP at another

institution, provided the transfer is approved by the DP Coordinator at BIS.

5. Learning Diversity and Inclusion Needs Assessment at Entry

A student has significant learning diversity and inclusion needs if they:

- Have significantly greater **ability** in learning than the majority of students in their age group; or
- Have significantly greater **difficulty** in learning than the majority of students in their age group; or
- Have a disability which prevents or hinders them from making use of an educational facility of a kind generally provided for students of the same age within the school; or
- Have a disability which prevents or hinders them from learning or performing compared to students of the same age within the school.

Students with any of these significant needs will be considered for admission following evaluation by the school's support services and an agreement with the family regarding the provision of any individual support in accordance with the 'Learning Diversity and Inclusion Policy' of BIS.

Students will normally be accepted provided that there are good prospects of meeting their needs without unduly prejudicing the education and the welfare of other students. However, there will be cases when BIS is unable to provide or make available the specialist help required, either due to lack of resources or local availability, and in these cases a place will not be offered.

Assessment will be made by the Learning Diversity and Inclusion Coordinator and decision taken jointly with the Director of Studies, and/or Head of School, and the child's parents/guardians following assessment. If the child is accepted, the Learning Diversity and Inclusion Coordinator is responsible for oversight of all special arrangements for the student.

6. Class Size

Preschool 1 (Age 2-3)

Maximum 10 students. The class will have 2 staff for up to 8 students and 3 staff for more than 8 students.

Preschool 2 (Age 3-4)

Maximum 18 students. The class will have 2 staff for up to 14 students and 3 staff for 14 - 18 students.

Preschool 3 (Age 4-5)

Maximum 22 students. The class will have 2 staff for up to 14 students and 3 staff for 14 to 22 students.

Grades 0-5 (Age 5-11)

Maximum 20 students in a class group. Each Primary class has a Homeroom teacher and a Co-Teacher plus subject teachers. MYP classes have a Form Teacher and all teaching is provided by specialist teachers. Actual class size limits may be lower than 20 for particular groups depending on classroom allocations. Any lower limit requirement must be proposed by the Homeroom Teacher and approved by the Management Board for a particular class and time period.

Grades 6-12 (Age 11-18)

Maximum 30 students in a year group. Most individual classes are limited to maximum 20 students in a group, due to physical space and subject restrictions, although some teaching spaces are limited to 24 students. Year groups may be 'full' with less than 30 students if student numbers in specific subject classes mean that individual class limits are at the maximum level.

7. Scholarships

BIS has a Scholarship Fund to be used solely for scholarships for gifted but disadvantaged children who cannot meet the School fees. Scholarships are widely advertised and available on an open competitive basis through student examination and assessment of parental wealth and income. The Governing Board establishes clear criteria for availability of Scholarships, student assessment, assessment of parental wealth and income, and application procedures. All criteria and procedures are publicly available via the School

website. Any student who is awarded a Scholarship automatically receives a 20% discount on the standard school fee. This discount is made against school operating costs and is not compensated by payment from the Scholarship Fund. The Scholarship Fund may contribute from 20% to 70% of the full school fee (before discount) dependent on assessment of parental wealth and income (i.e. need). Therefore, students on the highest Scholarship award must cover at least 10% of the full fee from their own resources or from individual sponsors, rising to 60% of the full school fee for those on the lowest Scholarship award. Any use of the Scholarship Fund must be approved in advance by the Governing Board, or by a Scholarship Committee established under the Governing Board, which reports on all decisions to the Governing Board.

Annex 1: MINIMUM STANDARDS TO BE AWARDED A HIGH SCHOOL DIPLOMA

The Bishkek International School 'High School Diploma' is awarded to all graduating students who meet the following minimum standards¹:

1. Credits (full academic year course²) in the following subject areas³:
 - English - minimum 4 credits
 - Other Language – minimum 4 credits
 - Mathematics – minimum 4 credits
 - Science – minimum 4 credits
 - Computer Science – minimum 2 credits
 - Individuals & Societies – minimum 4 credits
 - Creative & Elective courses (may be in the categories listed above) – minimum 4 credits
2. Physical Education program completed⁴
3. Community Service program completed⁵
4. Life Skills program completed⁶
5. Minimum 2.0 unweighted GPA⁷

Notes:

¹Students transferring into BIS High School in years 2, 3, or 4 must provide documentary evidence of achieving these standards (or the equivalent based on previous school requirements) during their high school years at another school, and must achieve the relevant pro-rata standards in their years at BIS.

²Minimum 80% attendance in the course is required to receive a credit.

³Any individual subject group credit requirement may be reduced by one or two credits (except English), provided the overall number of credits achieved is at least 14 credits in the first two years of High School and 10 credits in the last two years of High School

⁴PE is one period a week during High School. In the Diploma Programme, 'activity' under CAS may be counted instead of PE lessons, if approved by the Athletics Director as being equivalent to 30 periods of PE each year.

⁵A Community Service program approved by the school must be completed in each academic year. The service component of CAS counts in the Diploma Programme. In the first two years of High School, the equivalent of a CAS service component must be completed, as approved by the IGCSE Coordinator.

⁶The Life Skills curriculum is provided for one period a week in Grades 9-10 and during Form class, and during Form Class in Grades 11-12. Minimum 80% attendance is required each year.

⁷GPA score is calculated by dividing total GPA points by total credits. GPA scores are rounded to one decimal place with a 0.05 rounded up every time. The only exception if the score is 3.95 or higher and not a perfect 4.0, it is rounded to two decimal places. GPA grade conversion table from the IB Diploma and IGCSE is shown below.

Grade Conversion Table			
IGCSE GPA		IB Diploma GPA	
Grade	IGCSE	Grade	DP SL or HL
A*	4.0	7	4.0
A	3.8	6	3.8
B	3.5	5	3.5
C	3.0	4	3.0
D	2.0	3	2.0
E	1.5	2	1.0
F	1.0	1	0
G	0.5	-	-
U	0	-	-

The valedictorian designation is determined by the highest GPA score for the last two years of High School only. Multiple valedictorians are possible if several students earned the same top GPA after the scores have been rounded.
